

Federal Acquisition Regulation

45.602-3

45.602 Reutilization of Government property.

This section is applicable to the reutilization, including transfer and donation, of Government property that is not required for continued performance of a Government contract. Except for 45.602-1, this section does not apply to scrap other than scrap aircraft parts.

45.602-1 Inventory disposal schedules.

(a) Plant clearance officers should review and accept, or return for correction, inventory disposal schedules within 10 days following receipt from a contractor. Schedules that are completed in accordance with the instructions for Standard Form 1428 should be accepted.

(b) Plant clearance officers shall—

(1) Use Standard Form 1423 to verify, in accordance with agency procedures, accepted schedules within 20 days following acceptance;

(2) Require a contractor to correct any discrepancies found during verification;

(3) Require a contractor to correct any failure to complete predisposal requirements of the contract; and

(4) Provide the contractor disposition instructions for property identified on an acceptable inventory disposal schedule within 120 days. A failure to provide timely disposition instructions might entitle the contractor to an equitable adjustment.

(c) Contractors shall obtain the plant clearance officer's approval to remove Government property from an inventory disposal schedule.

(1) Plant clearance officers should approve removal when—

(i) The contractor wishes to purchase a contractor-acquired or contractor-produced item at acquisition cost and credit the contract;

(ii) The contractor is able to return unused property to the supplier at fair market value and credit the contract (less, if applicable, a reasonable restocking fee that is consistent with the supplier's customary practices);

(iii) The Government has authorized the contractor to use the property on another Government contract; or

(iv) The contractor has requested continued use of Government property, and the plant clearance officer has con-

sulted with the appropriate program and technical personnel.

(2) If the screening process (*see* 45.602-3) has not begun, the plant clearance officer shall adjust the schedule or return the schedule to the contractor for correction. If screening has begun, the plant clearance officer shall promptly notify the activity performing the screening that the items should be removed from the screening process.

45.602-2 Reutilization priorities.

Plant clearance officers shall initiate reutilization actions using the highest priority method appropriate for the property. Authorized methods, listed in descending order from highest to lowest priority, are—

(a) Reuse within the agency (*see* 45.603 for circumstances under which excess personal property may be abandoned, destroyed, or donated);

(b) Transfer of educationally useful equipment, with GSA approval, to other Federal agencies that have expressed a need for the property;

(c) Transfer of educationally useful equipment to schools and nonprofit organizations (*see* Executive Order 12999, Educational Technology: Ensuring Opportunity For All Children In The Next Century, April 17, 1996), and 15 U.S.C. 3710(i);

(d) Reuse within the Federal Government; and

(e) Donation to an eligible donee designated by GSA.

45.602-3 Screening.

The screening period begins upon the plant clearance officer's acceptance of an inventory disposal schedule. The plant clearance officer shall determine whether standard or special screening is appropriate and initiate screening actions.

(a) *Standard screening.* The standard screening period is 46 days.

(1) *First through twentieth day—Screening by the contracting agency.* The contracting agency has 20 days to screen property reported on the inventory disposal schedule for: Other use within the agency; transfer of educationally useful equipment to other Federal agencies that have expressed a need for the property; and transfer of educationally useful equipment to
